37 The Rule in question was recommended by the Rules Committee and it corresponds to Rule* 12(3) of the Madras and Bombay L.C. Electoral Rules. But it does not distinguish constituencies returning more than two members from other constituencies, as the latter rule does, nor does it explain as sub-rule (4) of Rule 12 of the Madras and Bombay Rules what is meant by "the total number of votes polled".

38 According to the Bombay and Madras Rules —

(1) in the case of a constituency returning one or two members, a defeated candidate forfeits his deposit if the number of votes polled by him does not exceed one-eighth of the total number of votes polled,

(2) in the case of a constituency returning more than two members, a defeated candidate forfeits his deposit, if the number of votes polled by him does not exceed one-eighth of the total number of votes polled divided by the number of members to be elected, and

(3) in both the cases, "the total number of votes polled" shall be deemed to be the total number of ballot-papers

To

M. Mahadeva, Esq., B.A., B.L.,
Secretary to the Government of
His Highness the Maharaja of Mysore,
Law Department, *Bangalore.*

SIR,

I have the honour to state that rule 24 of the election rules for the representative assembly and legislative council and rule 17(4) of the district board election rules, lay down that if a candidature by which a note of the deposit is made in support of a candidature is not elected and the number of votes obtained by him does not exceed one-eighth of the total number of votes polled, the deposit shall be forfeited. Doubts have been expressed re: the interpretation of the rules. It may be construed either that the number of votes polled may be taken as equivalent to the total number of voters who exercised their franchise, or that the number of voters who voted, multiplied by the number of votes each voter was entitled to.

I request to be informed early of the correct interpretation of the rules, so that the amounts deposited by the defeated candidates may be refunded to them without delay. The first interpretation appears to be more appropriate.

I have the honour to be,
Sir,
Your most obedient servant,

K. V. Ananta Raman

SIR,

With reference to your letter No.Rel.1193-207 dated the 13th instant, calling for information in respect of each rural and urban constituency of the Representative Assembly and the Legislative Council in the Kadur District in regard to the number of candidates that stood for election etc., I have the honour to forward herewith a statement furnishing the particulars called for. No doubt was felt in the application of Rule 24 of the Electoral Rules as the expression "The total number of votes polled" used in the last line of that Rule was taken to mean the number of voters that actually exercised their right of franchise in a particular constituency. Applying this rule refunds of deposits were ordered in favour of the unsuccessful candidates and no deposit was forfeited to Government.

SIR,

With reference to your letter No.Rel.1198-207 dated 13th May 1930, calling for certain information in respect of the Mysore Urban constituency for the Representative Assembly and the Legislative Council, I have the honour to state that the number of candidates that stood for election for the Representative Assembly and Legislative Council were six and two respectively, the total number of votes polled for the Representative Assembly being 7,122 and that polled for the Legislative Council being 1969 respectively as per details furnished in the statements forwarded with this office No.G.T.1444 dated 11th March 1930.

As regards the number of voters that recorded their votes, it has to be ascertained by counting the counterfoils of the voting papers. These have been kept in safe cutsody, under lock and seal, as required by Rule 28 of the Electoral Rules. It is felt delicate to open them before the expiry of three months from the date of election. However, by reference to the statement of votes polled for the Legislative Council, to which 2 candidates stood for election, the number of voters that recorded their votes may be tentatively put at 1969, as the number of invalid votes was negligible; which is also the total number of votes

votes polled; for every one of the voters that went into the polls must have voted either for one or the other of the two candidates. The same figure of 1969 may also be taken to apply to the Representative Assembly, as the voters voted simultaneously for the Legislative Council and Representative Assembly.

There was no occasion to feel any doubt in the application of ~~Re.~~ Rule 24 of the Electoral Rules.

I have the honour to be,

Sir,

Your most obedient servant,

PRESIDENT.
